

Simulating NSUserDefaults Functionality By Mocking It

Module Introduction

How to Mock NSUserDefaults

Creating UserDefaults Extension and Protocol

Injecting UserDefaultsProtocol

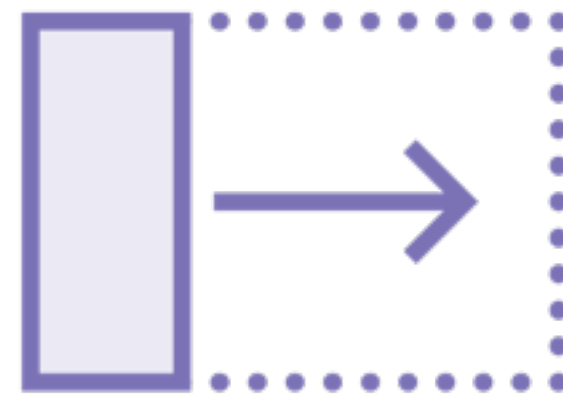

Testing UserDefaults Through Mocks

Summary

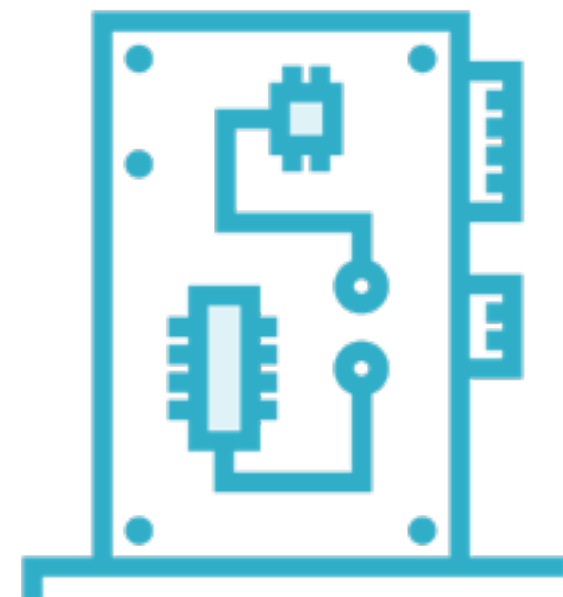

How to Mock NSUserDefaults

PreferenceManager

Extension:UserDefaultsProtocol

UserDefaultsProtocol

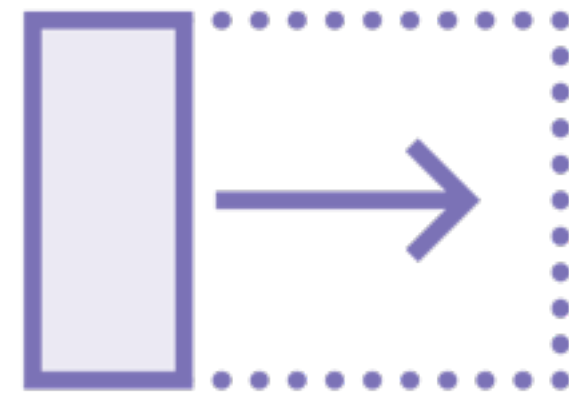

**UserDefaultsMock:
UserDefaultsProtocol**

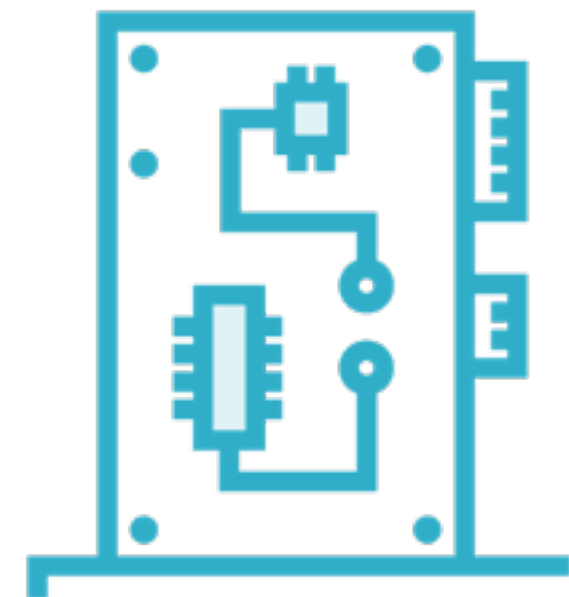

Code Implementation

PreferenceManager

Extension:UserDefaultsProtocol

UserDefaultsProtocol

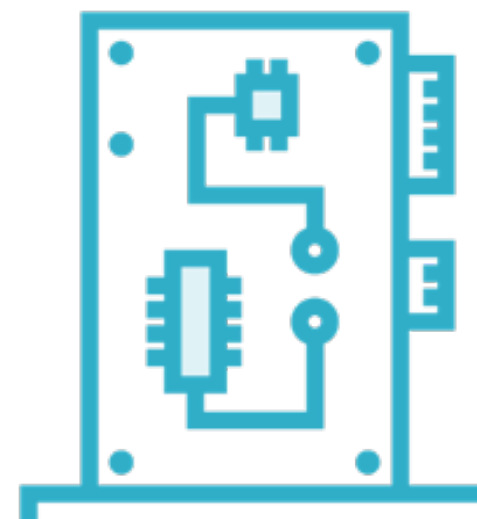

Test Implementation

PreferenceManager

**UserDefaultsMocks:
UserDefaultsProtocol**

UserDefaultsProtocol

Demo

Creating UserDefaults Extension and Protocol

Demo

Injecting UserDefaultsProtocol

Demo

Testing UserDefaults Through Mocks

Summary

**Added NSUserDefaults Extension to
Make Protocol Possible**

**Set Context Through
UserDefaultsProtocol Injection**

**Created Mock Class to Test
PreferenceManager**
